M&C Consulting Participates in Commonwealth Panel at COP29 in Baku on Enhancing Women's Green Skills

**PRESS RELEASE
FOR IMMEDIATE DISTRIBUTION
Baku, Azerbaijan – November 20, 2024**

M&C Consulting (M&C) is proud to announce the participation of its President and CEO, Giovanna Mingarelli, with Eng. Qaiser Nawab, the company's esteemed Director of Business Development for the Middle East and Central Asia, in the panel event "*Enhancing Women's Green Skills: Based on the Commonwealth Experience*" at the 29th Conference of the Parties (COP29) in Baku, Azerbaijan.

Organized by the Commonwealth Secretariat, Gender Hub Azerbaijan, Global Strategic Institute for Sustainable Development (GSISD), "THE" Society International (Together for Health and Education), and the Commonwealth Youth Forum, this important panel addresses the vital role of women in advancing sustainable development through skill-building initiatives and cross-sector collaboration.

Opening keynote remarks will be delivered by The Rt. Hon. Patricia Scotland, the Secretary-General of the Commonwealth Secretariat, amongst others.

M&C Consulting's leadership at this event highlights the company's dedication to fostering gender equity and sustainable development through innovative strategies. Both speakers bring unique expertise and perspectives to the table:

- **Giovanna Mingarelli** will discuss the organization's broader vision and commitment to transforming client initiatives into socially responsible actions that drive systemic change.
- **Qaiser Nawab** will showcase M&C's proprietary AI-powered solutions and their potential to revolutionize green skills training, drawing on his extensive experience in government relations, sustainable development, and environmental stewardship in Central Asia and the Middle East.

"Being part of this distinguished panel at COP29 is a testament to M&C Consulting's ongoing commitment to sustainability and empowerment," said Ms. Mingarelli. "We believe in the transformative power of women's participation in the green economy and are dedicated to supporting initiatives that drive meaningful change."

Mr. Nawab added, "Equipping women with the skills and opportunities to lead in sustainability is not just a goal; it's a necessity. Our work at M&C is geared towards innovative solutions that ensure economic progress and environmental responsibility go hand in hand."

This event underscores M&C's proactive role in advancing the global agenda for sustainability and gender equity. It marks yet another milestone in the company's efforts to foster partnerships that promote sustainable development goals across diverse sectors and regions.

About M&C Consulting
